

Опора (ВЛ-0,4кВ) существующая
с демонтируемым светильником

Technical drawing of a road layout. The drawing shows a road with a curve, a straight section, and another curve. Key features include:

- Labels:** 'curte' (curve) is labeled twice. 'PL' (straight section) is labeled twice. 'PN' (point of intersection) is labeled twice.
- Elevation Points:**
 - 57.56, 57.62, 57.63, 57.44, 57.40, 57.41
 - 57.35
 - 56.51, 56.09, 56.06, 56.42, 56.32
 - 56.54, 56.23, 56.08, 55.93, 55.70
 - 56.20, 56.00
- Geometry:** A dashed line represents the road centerline. A solid line represents the road edge. A hatched area indicates a specific zone or boundary.
