ANNEX 1: SCHEDULE OF REQUIREMENTS

RfQ22/02416: EU4MD/Development of two detailed execution designs for: Upgrading local infrastructure for business development in Manoileşti commune (Lot 1) and Revitalization of Cahul municipality Urban Center (Lot 2) requires the delivery of the following services as detailed in the Technical specifications and requirements (English and Romanian versions/ Annex 1a).

Introduction:

The EU4Moldova: Focal Regions Programme supports he strengthening of economic, territorial and social cohesion in the Republic of Moldova by facilitating sustainable and inclusive local social-economic growth and improving the standards of living of the citizens from the two focal regions: Ungheni and Cahul municipalities and the neighboring localities. The Programme will support the two regions through: making governance more efficient – improving quality of services and necessary infrastructure; incentivizing private sector – increasing investments, improving local economy and creating new jobs; encouraging participatory democracy – involving citizens in democratic governance processes and enhancing their capacities to claim their rights.

As a result of Programme implementation, the institutional capacities of local public authorities will increase and get consolidated to support the fulfilment of the integrated and environmentally-mainstreamed local social-economic development strategy (e.g.: CSOs, private sector, etc.), and the planning and monitoring of the social-economic development strategy's implementation will become wider. Citizens will benefit from increased quality, availability and performance of local public services and utilities, including the ones meant for women. Favorable conditions will be created for attracting investments, creating working places and fostering local and social entrepreneurship. The economic performance will also increase in the focal regions as a result of clusters' and specialized zones' creation, according to the smart specialization of the economy.

Citizens and communities from Ungheni and Cahul regions, local public authorities and civil society organizations will be the final beneficiaries of this Programme.

Please refer to the Annex 1a_EN and Annex 1a_RO: <u>TECHNICAL SPECIFICATIONS AND REQUIREMENTS</u>
