Dear Sir/Madam,

The United Nations Development Programme (UNDP) is pleased to announce an Expression of Interest (EOI) for the selection of 10 project proposals from companies that produce solid biofuels.

Implemented under the "Response to Emerging Human Security Challenges" Project, this supporting program aims to assist existing micro, small, and medium-sized enterprises (MSMEs) in producing solid biofuels (such as pellets and briquettes) to achieve resource-efficient production, including through the use of energy-efficient technologies.

Through this supporting program, we will provide non-monetary support ranging from 42,000 to 75,000 US dollars per project to facilitate the implementation of 10 selected projects. This support will cover the following equipment and services:

2. Installation of PV (Photovoltaic) stations
3. Modernization/repair of pellet/briquette production lines
4. Purchase and installation of a thermal power plant with solid biomass, with subsequent sale of the thermal agent to a public institution

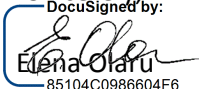

The selection of the best applications will be based on transparent and competitive procedures detailed in the attached Guidelines.

The Expression of Interest includes the following documents:
