ANNEX 1 SCHEDULE OF REQUIREMENTS – Amendment no. 1

All the changes to the technical specifications are marked in red color below

n		GENERIC SPECIFICATIONS	UOM	O+-
	Cuimo Coope Mantring VII /			Qty
1.	Crime Scene Marking Kit (no changes)	kits	4
	Purpose:	Used by farancis investigators to accurately		
		Used by forensic investigators to accurately document and mark evidence at a crime scene.		
	Composition	document and mark evidence at a crime scene.		
	Composition:	1. Case		
		2. Fiberglass reel tape		
		3. Metal measuring tape		
		4. Folding ruler		
		5. Laser rangefinder		
	Accessories:	J. Laser rangermaer		
	Accessories.	Any other accessory which is required for operation		
		should be included and described in your offered		
		specification.		
	Specifications:	specification.		
	Specifications.	- ABS		
	Case: 1 pc per kit	- Preferably black or any dark color		
		- Anti corrosive hinges		
		- Two latches		
		- Preferably folding front handle		
		- Supports at least 10 kg		
		- Padding: foam insert or elastic straps		
		- Yellow fiberglass;		
	Fiberglass reel tape: 1 pc	- Length - min. 30 m;		
	per kit	- Black millimeter and centimeter markings;		
	•	- Flexible, resistant to moisture, non-electrically		
		conductive, resistant to physical actions of twisting,		
		bending and breaking;		
		- Versatile end hook;		
		- Rewind crank.		
		- Anticorrosive finish;		
	Metal measuring tape: 1	- Yellow color;		
	pc per kit	- Length – 5 m;		
		- Black millimeter and centimeter markings;		
		- Flexible, resistant to moisture, non-electrically		
		conductive, resistant to physical actions of twisting,		
		bending and breaking;		
		- Versatile end hook		
		- Locking mechanism		

Folding ruler: 1 pc per kit	- Wooden or metal
	- Alternative black/white metric marking
	- Length – 1 m;
	- Joints with stops
Laser rangefinder: 1 pc	- Laser beam, class II
per kit	- Optical device to follow laser beam on long
	distances
	- Measuring range: 0.05 m up to 200 m
	- Accuracy: +/- 2 mm
	- Backlit display
	- Tripod mounting possibility
	- Metric units
	- Possibility to memorize the last 10 measurements
	- Continuous measurements function
A-Frame evidence	- Letters: A to G
marking tents: 1 pc per	- Numbers: 1 to 20
kit	- Yellow color with black printing
	- Square or rectangular shape of sides
	- Dimensions: 7-10 cm
	- Carrying case/bag
Evidence marking flags: 1	- Metallic pole
pc per kit	- Height: 30-40 cm
	- Colour: red (10 pcs), yellow (10 pcs), green (10 pcs)
	- Carrying case/bag
Photo evidence tape: 3	- Adhesive tape
pcs per kit	- Width: 10-15 mm
	- Length: 3 m with 0-30 cm repeat
	- Metric (millimeters and centimeters) black marking
	on white matte finish
Vinyl magnetic evidence	- Metric (centimeters and millimeters) marking
scale: 4 pcs of each color	- Black on white
	- White on black
	- Length – 15 cm
Reflective chalk: 3 pcs per	
	ater-based markers (red, black, blue): 1 pc of each
type and color per one kit	acci sasca markers (rea, slack, slac). I po or easi.
The same series bet elle kite	
Clutch/mechanical pencil v	vith red, black, blue leads 1 set of leads of each color)
Fluorescent pencils for fore	ensic marking (red) 3 pcs per kit
Stickers (set of min 50 pcs)	: 1 set of each color per kit
- Red and green	
•	
- Red and green	
- Red and green - Width – 10 cm	
- Red and green - Width – 10 cm - Length – 1.5 cm	User manuals for the kit (if applicable), preferable in

Purpose:		
	A comprehensive set of tools and materials designed	
	for forensic analysis across various types of	
	evidence.	
Composition:		
	1. Case	
	2. Fingerprint ink pad	
	3. Fingerprint ink roller	
	4. Black fingerprint ink	
	5. Ink cleaning solution or wipes	
	6. Gelatin lifters for fingerprints	
	7. Fingerprint lifters (size 10 x 15 cm)	
	8. Fingerprint lifters (size 5 x 10 cm)	
	9. Transparent lifting tape	
	10. Small particle reagents	
	11. Latent print powders	
	12. Magnetic latent print powders	
	13. Standard fiberglass brush	
	14. Magnetic powder applicator with protective	
	container	
	15. Squirrel or Camel hair brush (type 1)	
	16. Squirrel or Camel hair brush (type 2)	
	17. Digital caliper	
	18. Stainless steel scissors:	
	19. Silicone casting kit	
	20. Silicone rubber spray	
	21. Modeling clay (monochrome bars)	
	22. Round magnet with handle	
	23. Flat tip tweezers (type 1)	
	24. Flat tip tweezers (type 2)	
	25. Sharp tip tweezers	
	26. Surgical scalpel handle	
	27. Disposable sterile scalpel blades	
	28. Metal measuring tape	
	29. Think rubber gloves (size XL)	
	30. Thick rubber gloves	
	31. Zip-lock plastic bags	
	32. Sterile plastic bags	
	33. Transparent evidence collection plastic tubes	
	with cap	
	34. Stickers with figures 0 to 9	
	35. Stickers with printed arrows	
	36. Universal plier	
	37. Fixing spray 38. Plastic mixing container/bowl	
	39. Permanent red marker	
	40. Flashlight	

Any other accessory which is required for operation should be included and described in your offered specification. Decifications: See: - ABS - Preferably black or any dark color - Anti corrosive hinges - Two latches - Preferably folding front handle - Supports at least 10 kg; - Padding: foam insert or elastic straps - Plastic or similar material case - Snap lock (or similar) lid - Minimum active surface – 12 cm x 6 cm - Made of rubber - Width: 5-7 cm - Handle bracket ack fingerprint ink (min 100 ml) k cleaning solution (min 100 ml) or wipes (min 100 pcs) elatin lifters for agerprints: 30 pcs of inch color per kit - Supplied within a cold bag Note: Only 20 pcs of lifters of each color will be supplied within the main case. The remaining quantity of lifters will be supplied in a separate resupply box within a cold bag. Size: 10 x 15 cm (±2 cm) - Black - White - Transparent - Supplied within a cold bag. Size: 10 x 15 cm (±2 cm) - Black - White - Transparent		
43. Flat-head screwdriver 44. Voltage tester screwdriver 45. Glass cutter 46. Reflective chalk cessories: Any other accessory which is required for operation should be included and described in your offered specification. Decifications: - ABS - Preferably black or any dark color - Anti corrosive hinges - Two latches - Preferably folding front handle - Supports at least 10 kg; - Padding; foam insert or elastic straps - Plastic or similar material case - Snap lock (or similar) lid - Minimum active surface – 12 cm x 6 cm ngerprint ink roller: - Made of rubber - Width: 5-7 cm - Handle bracket ack fingerprint ink (min 100 ml) - k cleaning solution (min 100 ml) or wipes (min 100 pcs) - Black - White - Transparent - Supplied within a cold bag Note: Only 20 pcs of lifters of each color will be supplied within the main case. The remaining quantity of lifters will be supplied in a separate resupply box within a cold bag. Size: 10 x 15 cm (±2 cm) - Black - White - Transparent - Slack - White		
44. Voltage tester screwdriver 45. Glass cutter 46. Reflective chalk cessories: Any other accessory which is required for operation should be included and described in your offered specification. Decifications: - ABS - Preferably black or any dark color - Anti corrosive hinges - Two latches - Preferably folding front handle - Supports at least 10 kg; - Padding: foam insert or elastic straps - Plastic or similar material case - Snap lock (or similar) lid - Minimum active surface – 12 cm x 6 cm - Made of rubber - Width: 5-7 cm - Handle bracket ack fingerprint ink (min 100 ml) - k cleaning solution (min 100 ml) or wipes (min 100 pcs) - Size: 13 x 18 cm (±2 cm) - Color: - Black - White - Transparent - Supplied within a cold bag Note: Only 20 pcs of lifters of each color will be supplied within the main case. The remaining quantity of lifters will be supplied in a separate resupply box within a cold bag. Size: 10 x 15 cm (±2 cm) - Black - White - Transparent - Slack - White		·
45. Glass cutter 46. Reflective chalk Any other accessory which is required for operation should be included and described in your offered specification. Beetifications: - ABS - Preferably black or any dark color - Anti corrosive hinges - Two latches - Preferably folding front handle - Supports at least 10 kg; - Padding: foam insert or elastic straps - Plastic or similar material case - Snap lock (or similar) lid - Minimum active surface – 12 cm x 6 cm - Made of rubber - Width: 5-7 cm - Handle bracket ack fingerprint ink (min 100 ml) or wipes (min 100 pcs) Size: 13 x 18 cm (±2 cm) - Color: - Black - White - Transparent - Supplied within a cold bag Note: Only 20 pcs of lifters of each color will be supplied within the main case. The remaining quantity of lifters will be supplied in a separate resupply box within a cold bag. Rigerprint lifters: 20 pcs - Black - White - Transparent - Slack - White

Universal Tool (Breaker) -		
1 Hole	- High-grade stainless steel or durable alloy	
	construction for strength and longevity.Corrosion-resistant coating to prevent	
	degradation over time.	
	Design:	
	- Ergonomic handle design for comfortable grip	
	and precise control.	
	- Single hole for efficient breaking and	
	separation of materials.	
	 Compact and lightweight for easy handling 	
	and portability.	
	Functionality:	
	- Capable of breaking a wide range of materials	
	commonly encountered in forensic trace	

		evidence analysis, including glass, fibers, and ceramics. - Precision-engineered hole for controlled braking without excessive fragmentation. Compatibility: - Compatible with standard forensic laboratory procedures and equipment. - Designed to integrate seamlessly into trace evidence kits for comprehensive forensic analysis. Durability: - Engineered for durability and reliability in demanding forensic environments. - Resistant to wear and deformation during repeated use. Safety Features: - Smooth edges and surfaces to minimize the risk of accidental injury during operation. - Non-slip grip for enhanced control and safety. Maintenance:		
		- Low-maintenance design for ease of upkeep.		
		 Recommended periodic cleaning and inspection to ensure optimal performance.

Specifications:	•		
Specifications: Master Carrying Case:	•		

Station:	slab for fingerprinting.		
Grade A Fingerprint Slab Ink:	High-quality ink for fingerprinting.		
Roller for applying ink evenly:	A roller used for applying fingerprint ink evenly.		
Cleaning solution for slab and roller:	Cleaner for removing ink residue from the slab and roller.		
Spray for enhancing 1 bottle per kit fingerprint visibility:	Spray to enhance fingerprint visibility and ridge detail.		
Ink remover towelettes: 1package per kit	Towelettes for cleaning ink from fingers or surfaces. Required qty: 1000 pcs		
Criminal fingerprint records:	Cards for recording and preserving fingerprint evidence. Qty: 500 cards/A4 format.		
Re-Print Tabs:	Tabs used for re-inking fingerprints if necessary - 100 pcs.		
Nitrile Barrier Gloves: 20 pcs per kit	Gloves to prevent contamination and protect personnel during fingerprinting procedures.		
Documentation Documentation	personner during imgerprinting procedures.		
2004

	the temperature range of -10°C to +45°C.
Magnetic Latent	Types:
Fingerprint Powder	- black double contrast
9 containers: 1 container	- fluorescent orange
for each type per kit	- fluorescent green and fluorescent red
	Weight:
	- 200 gr per container
Ostrich/Marabu Brush	Type:
	- Transparent plastic anti-static sprayer, individually
	packed. Working length of the brush:
	- length of at least 80 mm and a thickness at the
	- thickness at the handle joint of at least 8 mm
Squirrel/Camel Hair	Shape: Semi-Round
Brushes Minimum	Trim: Untrimmed
Quantity: 3 pieces per set	Length: 14 cm and 19 cm (respectively for the two
Quantity. 5 pieces per set	sizes)
	Handle Material: Wooden
	Handle Length: Standard
	Active Part Length: 30-40 mm
	Active Part Thickness: At least 8 mm at the joint with
	the handle
Glass fiber wire brush:	Packaging: Individual packaging for each brush set Active Part Length: Minimum 50 mm
Minimum 4 pieces per	Active Part Length: William 30 mm Active Part Thickness: Minimum 8 mm at the joint
•	with the handle
set	Handle Material: Plastic or Wooden
	Handle Length: Standard
Black anodised aluminum	Equipped with spring rod for demagnetization.
magnetic brush 2 pcs per	
kit	
Master kit small particle	Description: Set of reagents for revealing latent
reagent (SPR): 2	papillary marks on wet, white and black surfaces.
containers with pump, 250-500 ml	
Gelatine Lifters/ Gelatine	Dimensions: 13x18 cm (±2 cm)
sheets for the lift of	Type: white, black and transparent
latent papillary mark:	Components:
min. 10 sheets of each	Support:
type per kit	Material: Plastic or paper laminated on both
	sides
	 Properties: Resistant to mechanical
	stretching, malleable, unaffected by humidity
	conditions, opaque (for black foil) and
	transparent (for transparent foil), allows
	writing without affecting adhesive
	Adhesive Component:

Inst	tant adhesive sheets	 Homogeneous adhesive substance, uniformly distributed over the entire surface Adhesive to powders used to reveal papillary marks and protective film Adhesion to support without absorption or diffusion of powders Stable physical-chemical characteristics (-10°C to +45°C), black (for black foil) and transparent (for transparent foil) Allows gluing, removal, and regluing of protective film without affecting adhesive Protective Layer: Material: Transparent plastic foil, malleable, no adhesion to embossing powder Easily removable from the adhesive surface. Dimensions: 10x15 cm (±2 cm) 		
for mai eac	lifting latent papillary rk: min. 10 sheets for th type per ki	Type: White, black and transparent.		
foil fixa she kit	ent papillar mark lift set. transfer film and ation of traces: min 50 eets for each type per	Dimensions: 5x10 cm (±2 cm) Type: White, black and transparent.		
and pcs,	hesive film with mm d cm measuring unit: 2 s, each 20 m of each e per kit.	Type: White, black and transparent. Width: 10 - 14 mm		
Cas	se:	Metal cover with tight magnetic closure		
Rub	ober roller:	Width of the active surface: 5-7 cm Handle: Wood		
clea 1co	gerprint Ink and aning solution. ontainer per kit Pad:	Solution/gel for cleaning mascara, 1 container of at least 100 ml;		
		per kit - Should accommodate for 10 tests		
	inless steel scissors			
	stic container for	Durable plastic material to withstand various		
	ishes and powder:	environmental conditions and dust		
	t tweezers:	Material: stainless steel Length: 23-26 cm		
Sha	arp tweezers:	Material: stainless steel Length: 8-10 cm		
Dev	vice for cutting glass:			
Mag	gnifying glass :	Diameter: 75 mm Magnification: not less than 3.5x		
Me	tal measuring tape:	Length: 3m]	
	cleaning solution:1	Volume: 250 ml or bigger		
			1	

bottle per kit	
Flashlight with clamp:	Illumination:
	- High-intensity light source, providing bright
	illumination for various applications
	- Equipped with efficient LED bulbs
	Clamp Mechanism:
	- The flashlight incorporates a sturdy clamp
	mechanism for secure attachment to surfaces or objects.
	- The clamp is designed to provide firm grip and
	stability, allowing for hands-free operation in diverse
	environments.
	- Adjustable clamp size to accommodate a wide
	range of objects, such as poles, handles, or surfaces
	of varying thickness.
	Power Source:
	- Powered by rechargeable batteries.
	- Offers convenient charging options, such as USB
	charging ports or docking stations, for hassle-free
	recharging.
Transparent lifting tape:	Minimum length: 15 m
	Width: 5-9 cm
Transparent lifting tape:	Minimum length: 15 m
	Width: 3-5 cm
Ninhydrin Spray: 1 bottle	Volume: 100 ml or more
Rhodamine Crystals 6G	Container Type: Glass container with threaded cap Capacity: 25 grams
Gentian Violet Crystals:	Container Type: Glass container with threaded lid
Gentium violet erystais.	Capacity: 25 grams
1,8-Diazafluoren-9- one	Type: solution
bottle per kit	Container Type: Glass or plastic container with screw
	cap
	Capacity: 120 milliliters
Portable lamp with UV	Power Output: Minimum equivalent power of 6
rays:	watts.
•	Wavelength: Emitting UV light with a wavelength of
	365 nanometers (nm), suitable for specific
	fluorescence excitation.

Documentation:	Dimensions: Approximately 7-10 cm in width, 30-35 cm in height, and 5-8 cm in depth, providing a compact and portable form factor for easy handling and transportation. Handle: Equipped with a handle for comfortable grip and convenient carrying during use. Power Supply: Operates on either 220 volts AC power supply or battery power. Battery: Includes a rechargeable battery for portable operation. Charger: equipped.	
Documentation:		
	User manuals for the kit (if applicable), preferable in	
	Romanian language (optional English or Russian).	

Delivery Requirements

Delivery Requirements		
Delivery date and time	Bidder shall deliver the goods no later than 45 calendar days after Contract signature.	
Delivery Terms (INCOTERMS 2020)	DDP Chisinau, Republic of Moldova	
Customs clearance	⊠ Supplier/bidder	
(must be linked to INCOTERM)	UNDP shall provide a Tax Exemption letter for Customs clearance	
Exact Address(es) of	Chisinau municipality, Republic of Moldova, "Stefan cel Mare Academy", Address No.	
Delivery Location(s)	21 Gh. Asachi Street	
Packing Requirements	Factory packaging	
Training on Operations and Maintenance	Not required The supplier shall provide: User manuals for each kit (if applicable), preferable in Romanian language (optional English or Russian).	
Warranty Period	Minimum 12 months per kit including each item included in its composition, validity of consumables not smaller than 12 months.	
After-sales service and local service support requirements	Replacement of goods with defects or which do not correspond to the required quality with new goods of similar or better quality within acceptable market delivery standards, however not later than 2 (two) months since official request. Existence of Service centre in Moldova is required (not compulsory to be authorised)
