ANNEX 1: SCHEDULE OF REQUIREMENTS

Title: Repair works of the culture hall in Teiul village, Grigoriopol

A. INTRODUCTION AND OBJECTIVES

In 2023 the UNDP Moldova launched the six phase of the European Union Confidence Building Measures Programme (EU-CBM VI), funded by the European Union and implemented by the UNDP Moldova. The overall goal of the Programme is to increase confidence between both banks of the Nistru River by ensuring socio-economic development through involvement of local authorities, civil society organizations, private actors, and other community stakeholders.

The EU-CBM Programme is focused on 4 specific fields: promoting business development; support to community development and cross river platforms of cooperation; preserving cultural and historical heritage and assistance to media development and cooperation.

Through its “EU Support to community development” component, the EU-CBM VI Programme aims to support rehabilitation/renovation of the 6 social infrastructure projects situated on both banks of the Nistru river.

Based on the decision of the EU-CBM VI Steering committee decision, project "Repair works of the culture hall in Teiul village, Grigoriopol" was selected as one of the social infrastructure projects which is situated on the left bank of the Nistru river, under control of de-facto Transnistrian authorities.

B. CONTENT OF WORKS

UNDP Moldova is seeking to contract a specialized and experienced company (hereinafter “the Company”) to carry out repair works of the culture hall in Teiul village, Grigoriopol district. It is envisaged that the works will include the following activities:

- procurement and delivery to the site of the materials and services required to successfully execute the works;
- site preparation for storing materials;
- execution of repair works;
- final commissioning of the works carried out.

All these activities shall be carried out in accordance with the provisions of the Bills of Quantities (BoQ). The physical properties of the construction materials proposed by the contractors shall be in accordance with the requirements of the Bills of Quantities and with the technical guidelines, requirements and specifications as provided by national building norms. The construction materials delivered to the site must be accompanied by national certificates of conformity and/or European Certificates (EC) attesting the quality standards (if

applicable). The contractor should also ensure that all materials to be used under the contract are coordinated, prior the execution, with the representatives of the technical supervisor, final Beneficiary and UNDP Moldova (EU-CBM) engineering staff who oversee the day-to-day supervision of the site and regular monitoring of the on-site works.

The Company taking part in the tendering procedure shall provide everything necessary for the successful performance of the contract. The Company shall ensure the supervision of the works on site by construction foreman certified according to the classification (Government Decision No 329 of 23 April 2009, amended by Government Decision No 207 of 30 March 2022) for road construction works. The Company shall perform the works using the skilled labor, materials, mechanisms, machinery and equipment necessary to carry out the works specified in the BoQ Specifications. The Company shall comply with labour and site protection measures, carry out the necessary laboratory sampling and testing in compliance with the construction rules and standards, to ensure the commissioning of repair works.

When developing BoQs, please be guided by the National Regulatory Framework in Construction as per NCM L.01.01-2012 and Regulation on the procurement of public works:

<http://lex.justice.md/index.php?action=view&view=doc&lang=1&id=347161>

<http://lex.justice.md/md/295702/>

Serious deviations from the provisions of these documents will serve grounds for disqualification.

Please, **ensure that no changes in the volume of works are allowed; no changes in codes for works are allowed; no changes in the volumes of resources in the norms of materials, cost of labor and tools are allowed; no changes in coefficient for norms are allowed.**

Please, **ensure that the human power remuneration is not less than medium required by the National Legislation in force (according to Ordinance nr. 14 of 10.02.2022, with the reference to the Approval of the Amendment CP L.01.02:2012/A2:2022 „Construction economics. Instructions for determining the estimate of expenses for construction salaries”).**

Note for bidders: Whenever the technical specifications require a specific product, specific brand/model, the bidders may come up with proposals for an alternative product equivalent or higher in all aspects with the specified product and meeting the requirements regarding physical, functional and performance parameters.

C. EXPECTED RESULTS

In accordance with the Bill of Quantities the following main works are to be made:

- 1) Changing of the roof covering, replacement of the pavers;
- 2) Rehabilitation of the technical sanitary groups (toilets);
- 3) Construction of the cesspool.

The volume of work to be carried out are indicated in the Bill of Quantities (List of work volumes/BoQ).

Additionally, the following outcomes are expected to be provided by the Contractor:

Outcome 1: Completion of all rehabilitation works set out in the contract documents, within no more than 90 calendar days.

Once the construction works are completed and the execution and payment documents are submitted, the completed on-site works shall be commissioned at the end of the work, in compliance with the provisions of the Regulation on the acceptance of construction works and related installations, approved by the Republic of Moldova Government Decision No 285 of 23.05.1996.

Outcome 2: Final commissioning of the works in compliance of Regulation on the acceptance of construction works and related installations, approved by the Republic of Moldova Government Decision No 285 of 23.05.1996 will be made after the expiry of the 1-year warranty period (the full warranty period minimum 3 years) from the date of commissioned at the end of the work.

D. INSTITUTIONAL ARRANGEMENT

The site is located at 139, Lenin street, Teiul village, Grigoriopol district. Construction waste generated as a result of building repairs and excavation work will be transported to a landfill located about 5 km away, established by the Teiul mayoralty.

The reporting on the work progress shall take place on a monthly basis through the submission of a Minutes of Acceptance of the works carried out during the preceding 30 calendar days. The minutes shall be signed by the Company Manager and the certified Site Foreman with the application of the stamps and forwarded for verification to the certified Technical Supervisor, the Beneficiary's permanent representative on site. Subsequently, the Minutes of Acceptance of the works carried out, signed by the certified Technical Supervisor, will be countersigned by the National Consultant for Community Infrastructure and/or EU-CBM Project officer and submitted for verification and approval to the EU-CBM infrastructure and cultural heritage component project manager.

E. OTHER RELATED REQUIREMENTS

Further to the Schedule of Requirements/Scope of Works above, Bidders are requested to take note of the following additional requirements, conditions, and related services pertaining to the fulfilment of the requirements:
