ANNEX 1: SCHEDULE OF REQUIREMENTS

TITLE: RESTORATION WORKS OF STAIRWAY AT TIPOVA MONASTERY

A. INTRODUCTION AND OBJECTIVES

In 2023 the European Union Confidence Building Measures Programme launched its sixth phase of the Programme funded by the European Union and implemented by the UNDP Moldova. The overall goal of the Program is to increase confidence between both banks of the Nistru River by ensuring socio-economic development through involvement of local authorities, civil society organizations, private actors, and other community stakeholders.

One of the specific components of the EU-CBM VI Programme in its sixth phase is preserving of cultural and historical heritage.

Culture is essential for the development of any society. Culture may have a strong dynamic and transformative force for social transformation on both banks. The activities under this component will provide support to the cultural sector with a focus on historical heritage with a view to investing in the country's future and facilitating development and conflict settlement.

Cultural and Historical heritage component focuses on conservation/restoration of small-scale historical heritage endangered projects, which are considered to have a national interest for both banks (Confidence building measures dimension).

As a result of competition, 4 (four) small scale cultural heritage sites: Bell Tower in Vadul Rașcov village, Țipova rupestrian Monastery, Ruins of the Great Rașcov Synagogue and façades of historical building on Suvorov 42 street from Bender town, located on both banks of the Dniester River (2+2) were selected for future conservation/restoration.

All these four sites have the status of monuments of national category, being recorded in the Register of state – protected monuments of the Republic of Moldova and for having any intervention – conservation/restoration works, first require development of detailed design documentation and endorsement of it by appropriate authorities, in special by National Council of Historical Monuments.

The Țipova rupestrian Monastery, architectural monument of national category from the 12th-17th centuries, 18th-20th centuries, is registered in the Register of state – protected monuments of the Republic of Moldova RMRMOS under the number MN-1963 as „Mănăstirea Rupestră „Adormirea Maicii Domnului””.

B. CONTENT OF WORKS

UNDP Moldova is seeking to contract a specialized and experienced company in the field of restoration/rehabilitation/conservation works (hereinafter „the Company”) to provide restoration works of

stairway at Tipova Monastery. It is envisaged that the works will include the following activities:

- procurement and delivery to the site of the materials and services required to successfully execute the works;
- site preparation for storing materials;
- execution of works;
- commissioning works at the finishing of the work;
- final commissioning of the works carried out.

All these activities shall be carried out in accordance with the provisions of the detailed design and Bills of Quantities (BoQ) which are the part of Terms of Reference. The physical properties of the construction materials proposed by the contractors shall be in accordance with the requirements of detailed design documentation and technical specifications provided in it, of the Bills of Quantities, with the technical guidelines, requirements and specifications provided by national building norms.

The construction materials delivered to the site must be accompanied by national certificates of conformity and/or European Certificates (EC) attesting the quality. The contractor should also ensure that all materials to be used under the contract are coordinated, prior the execution, with the representatives of the technical supervisor, final Beneficiary and UNDP Moldova (EU-CBM VI) engineering staff who oversee the day-to-day supervision of the site and regular monitoring of the on-site works.

The Company taking part in the tendering procedure shall provide everything necessary for the successful performance of the contract. The Company shall ensure the supervision of the works on site by the certified technical supervisor according to the normative acts in force for the **restoration works of stairway at Tipova Monastery**. The Company shall perform the works using the skilled labor, materials, mechanisms, machinery and equipment necessary to carry out the works specified in the Detailed design and BoQ Specifications. The Company shall comply with labor and site protection measures, carry out the necessary works in compliance with the restoration/rehabilitation/conservation rules and standards, to ensure the commissioning of works.

When developing BoQs, please be guided by the National Regulatory Framework in Construction as per NCM L.01.01-2012 and Regulation on the procurement of public works:

<http://lex.justice.md/index.php?action=view&view=doc&lang=1&id=347161>

<http://lex.justice.md/md/295702/>

Serious deviations from the provisions of these documents will serve grounds for disqualification.

Please, ensure that no changes in the volume of works are allowed; no changes in codes for works are allowed; no changes in the volumes of resources in the norms of materials, cost of labor and tools are allowed; no changes in coefficient for norms are allowed.

Please, ensure that the human power remuneration is not less than medium required by the National Legislation in force (according to Ordinance nr. 14 of 10.02.2022, with the reference to the Approval of the Amendment CP L.01.02:2012/A2:2022 „Construction economics. Instructions for determining the estimate of expenses for construction salaries”).

C. EXPECTED RESULTS

In accordance with the detailed design documentation and bill of quantities the following main works are to be made:

- 1) Restoration works of stairway at Tipova Monastery:
 - a) Deviz local No.1 – Scara.

The volume of works to be carried out is indicated in the detailed design documents and Bill of Quantities (List of work volumes/BoQ).

Additionally, the following outcomes are expected to be provided by the Contractor:

Outcome 1: Completion of all restoration works set out in the contract documents, within no more than 150 calendar days.

Once the restoration works are completed and the execution and payment documents are submitted, the completed on-site works shall be commissioned at the end of the work, in compliance with the provisions of the Regulation on the acceptance of construction works and related installations, approved by the Republic of Moldova Government Decision No 285 of 23.05.1996.

Outcome 2: Final commissioning of the works in compliance with Regulation on the acceptance of construction works and related installations, approved by the Republic of Moldova Government Decision No 285 of 23.05.1996 will be made after the expiry of the 1-year warranty period (**the full warranty period minimum 3 years**) from the date of commissioning at the end of the work.

D. REGULATORY FRAMEWORK

For the contract implementation, the selected company shall be guided by the normative acts in force in Republic of Moldova, specifically:

- I. Government Decision Nr. 743 from 06-11-2024 on the Quality Assurance in Constructions;
- II. Law No. 721 of 02.02.1996 on the Quality in Constructions and its amendments;

	limiting his obligations and responsibility, the Contractor shall insure the Works for all risks stipulated by Clause 21 of UNDP General Conditions of Contract for Civil Works in amount of 110% of the total estimated price of the Contract.
Liability Insurance	Before commencing the execution of the Works, but without limiting his obligations and responsibility, the Contractor shall provide a Liability Insurance in accordance with Clause 23 of UNDP General Conditions of Contract for Civil Works for a minimum amount of 15% of the total estimated price of the Contract.
Pricing	The contract is based on unit price, and the final price of the Contract will be determined on the basis of actual quantities of work utilized in the complete and satisfactory performance of the Works as certified by the Engineer and the unit prices contained in the Contractor's financial proposal. Such unit prices are fixed and are not subject to any variation whatsoever. Bidders shall quote reasonable bid prices with an acceptable margin of deviation in comparison to the local market prices at the time of bids preparation. In case of unbalanced pricing (i.e. despite an acceptable total evaluated price, the price of one or more BoQ line items is significantly over- or underpriced), UNDP have the right to reject the unbalanced bid if it determines that the lack of balance does pose an unacceptable risk to UNDP).
Payment Terms	<p>The Contractor shall submit monthly invoices (reflecting the monthly work performed every month as accepted by UNDP through the „Monthly Progress Reports”) and a final invoice not later than 30 days from the issuance of the Certificate of commissioning at the end of the works by the EU-CBM VI Project Officer. UNDP shall effect payment of the invoices after receipt of the certificate of payment issued by the site Technical supervisor, approving the amount contained in the invoice. The Technical supervisor may make corrections to that amount, in which case UNDP may effect payment for the corrected amount. The EU-CBM VI manager may also withhold invoices if the work is not performed at any time in accordance with the terms of the Contract or if the necessary insurance policies or performance security are not valid and/or in order. The EU-CBM VI shall process the invoices submitted by the Contractor within 15 days of their receipt. Invoices will be paid within thirty (30) days of the date of their receipt and acceptance by UNDP.</p> <p>So as to ensure the liquidated damages retention (in case applied) (as per point 9 of Section 3: Bid Data Sheet), the last invoice shall not be less than 10% of the total contract amount.</p>
All documentations, including catalogues, instructions and operating manuals, shall be in these languages	Romanian and/or English
