

Letter of Invitation

Ref. No. Eol-26/03334/ResCom2

Chisinau, Republic of Moldova

03.08.2026

Subject: Expression of Interest – Non-cash support Programme for Women with Economic Activity at Household Level under the Project “Resilient Communities through Women Empowerment, Phase 2”

Dear Sir/Madam,

The United Nations Development Programme (UNDP) hereby announces an Expression of Interest (EOI) for the selection of women with economic activity at household level to receive non-financial, non-refundable support under the **Non-cash support Programme for Women with Economic Activity at Household Level**, implemented under the **Resilient Communities through women empowerment, phase 2 (ResCom 2) Project**, financed by Sweden and Norway.

The project aims to strengthen climate resilience of communities in the Republic of Moldova through gender-responsive climate action, promotion of climate-smart solutions, increased energy efficiency, renewable energy use and enhanced participation of women in climate adaptation and sustainable economic development.

The Programme provides an integrated support package that combines:

- non-refundable, non-cash support in the form of procurement of equipment, goods, works and specialized services required for the implementation of approved environmentally sustainable and climate-resilient solutions;
- technical assistance, mentoring, coaching and guidance for the development and implementation of environmentally sustainable and climate-resilient solutions.

Within this call, up to **160 women with economic activity at household level** will be selected to receive support of up to **6,000 USD per beneficiary**, with a minimum financial contribution of **5% from the beneficiary**.

The support will be provided to eligible women with economic activity at household level implementing solutions related to climate-smart agricultural practices and adaptation measures, efficient use of water, energy and agricultural resources, renewable energy solutions and energy efficiency measures and other environmentally sustainable and climate-resilient agricultural solutions.

The selection process will target women with economic activity at household level operating in the eligible localities (mentioned in the applicant's guide) that developed the Local Sustainable Energy and

United Nations Development Programme

Climate Action Plans (SECAP) supported by the ResCom2 project.

The selection of applications will be carried out through a transparent and competitive process based on eligibility and evaluation criteria detailed in the Applicant's Guide.

The Expression of Interest package includes:

1. Letter of Invitation (English only);
2. Applicant's Guide (Romanian and Russian);
3. Application Form and relevant annexes (Romanian and Russian).

Applications must be prepared and submitted in accordance with the requirements specified in the Applicant's Guide.

For further information and clarification regarding the application procedure, interested applicants may contact the focal points indicated in the Applicant's Guide and Expression of Interest announcement.

UNDP encourages all eligible women with economic activity at household level to apply and benefit from the opportunity to implement sustainable, innovative and climate-resilient solutions in the economic activity contributing to stronger and more resilient communities in the Republic of Moldova.

Sincerely,

Elena Olaru

Operations Manager
